

Volunteer Job Description

Veterinary Assistant

OPTIONS
VETERINARY CARE

Overall Objective

Provide veterinary assistance to veterinary medical team as needed to ensure appropriate and humane care is provided to patients.

Possible Tasks

- Function as skilled Veterinary Assistant.
- Monitor and helps animals recover after surgery.
- Package and sterilize spay/neuter instruments.
- Organize storage area.

Supervision

- Reports to Clinic Co-Managers.
- Takes medical direction from Medical Director and/or Lead LVT.

Skills Needed

- Works courteously and cooperatively with other staff members.
- Strong interpersonal skills – outgoing, patient, professional, and able to get along well with variety of people.
- Comfort with and able to humanely handle animals.
- Good organizational skills.

Benefits

- Being a part of achieving Options' goal of providing affordable care for pets in need whose people would not otherwise be able to afford it.
- Opportunity to interact with other like-minded people.
- Working hands-on with animals.
